

THE HERMITAGE NO-KILL CAT SHELTER & SANCTUARY

Is your neighborhood over-run with feral (wild) and stray cats?

TNR is the answer!

TNR (Trap-Neuter-Return)

A humane, simple, and effective approach to managing feral and stray cat populations, leading to a decrease in feral and unwanted cats in the area. Sterilization also helps keep the cats calmer, healthier, and leads to fewer aggressive and unwanted behaviors like fighting and spraying.

Call The Hermitage to rent a humane TNR trap today!

We will also provide you with a list of low-cost spay/neuter clinics and other local resources.

Do your part to help our community cats!

TNR is supported by Pima County. It is a criminal offence to harm or remove/relocate/"dump" community and feral cats.

PACC has resources on humane deterrents.
